**CST Is Now AST Trust Company (Canada)**

We are pleased to announce that effective immediately, CST Trust Company will be known as **AST Trust Company (Canada)**.

The company sought a new name to reflect its position as part of AST, a global services firm and umbrella brand that can now offer an enhanced and fully integrated suite of services. In addition, D.F. King will be known as D.F. King, an AST Company.

Along with a new name, we will be introducing a new brand and corporate website in September. The brand will communicate the alignment of our integrated family of brands and the comprehensive services we offer. Corporate materials and systems will be updated in the coming weeks. More information on expanded services will become available when the new brand and website launch.

We hope you share our excitement about this next stage of our corporate evolution. We will keep you posted on further developments.

Please note, as of July 14, 2017, the Toronto office of AST Trust Company (Canada) has moved to:  
1 Toronto Street  
Suite 1200  
Toronto, ON M5C 2V6

Phone and Fax Number will remain the same.
